RE: Phishing Scam

Brothers it has once again come to my attention of another phishing scam being aimed at members of our order. They are crafty, using names of brothers and making it sound legitimate. Please disregard and delete any of these messages that you receive via email or text. At no time will you be asked to buy gift cards or give money through any venue such as Paypal, Zelle, or Venmo.

Be vigilant and wary any time you receive any message asking for money from anyone posing as a member of the Sons of Union Veterans of the Civil War.
